

## Some Slack-Off Seen

### Living Costs To Rise

WASHINGTON (AP) — Living costs will keep going up in 1967 but not as sharply as last year's nine-year record rise of 3.3 per cent, a government official predicts.

Commissioner Arthur M. Ross of the Bureau of Labor Statistics said the expected 1967 rise of 2.5 per cent "would not be too high a price to pay" to avoid the alternative of a recession.

But Ross conceded his economic crystal ball might be a little cloudy.

Forecasting a food price rise of about 2 per cent this year, compared with 3.8 per cent in 1966, he said: "We could be wrong because food is hard to predict."

He also predicted clothing prices, up nearly 4 per cent last year, would go up only about half that much in 1967.

In reporting final 1966 figures Friday, the bureau said the consumer price index rose a moderate one-tenth of 1 per cent in December to wind up 1966 at a level of 114.7.

This means typical goods and services that cost \$10 in the 1967-68 period on which the index is based cost \$11.47 last month.

Grocery prices edged down two-tenths of 1 per cent in December and transportation costs dropped six-tenths. But a four-tenths of 1 per cent rise in housing costs, three-tenths for clothing and five-tenths for medical care brought over-all living costs up.

The total 1966 increase of 3.3 per cent was the biggest jump in living costs since a 3.5 per cent rise in 1957.

If Ross' prediction of a 2.5 per cent increase in 1967 is borne out, it still would be the second steepest annual jump in nine years.

Prices from 1960 to 1964 averaged increases of about 1.3 per cent a year, a level government economists consider noninflationary. The present upward spiral started with a 2 per cent rise in 1965.

Although wages of about 14 million factory workers went up one cent per hour in December to a record average of \$2.77 per hour, their purchasing power dropped about 20 cents a week over 1966 for the first decline since 1960.

Higher Social Security taxes cut \$1.38 per week from factory workers' take home pay and the rise in living costs sliced off another \$1.39 a week in purchasing power.

## Service Is First: Police Lunchtime Cut Ten Minutes

NEW ORLEANS, La. (AP) — Police Supt. Joseph Giarrusso has chopped 10 minutes off his men's lunch break, leaving New Orleans policemen only 30 minutes to eat.

"It's hard enough to gulp down your lunch in 30 minutes," one veteran officer said Friday after the order went out over the police network. "Now, we'll hardly have time to eat a hamburger."

Giarrusso said the lunch period was cut because "quick action is a key to any successful police service. Police service comes first."

New Orleans is experiencing a sharp upward trend in crime.

## Weather

By The Associated Press

ESCANABA AND VICINITY: Variable cloudiness, windy and a little warmer today, high 36. Considerable cloudiness with chance of showers or snow flurries tonight and tomorrow. Low tonight, 26. ## Discuss Peace With Anyone, Urges Hatfield

WASHINGTON (AP) — Freshman Republican Sen. Mark O. Hatfield says the United States should be willing to sit down with anyone to discuss peace in Vietnam.

His view contrasts with that of Senate GOP leader Everett M. Dirksen, who has posted a challenge to any peace conference that includes negotiators representing the Communist guerrillas.

Hatfield, elected to the Senate last November from Oregon, said Friday, "You have to negotiate with those whom you're fighting. And certainly, the Viet Cong is very much a part of the enemy."

Dirksen, in the Republican reply to President Johnson's State of the Union message, had posed this question Thursday night: "Do we sit down at the conference table and bargain with elements other than representatives of the duly constituted government in Hanoi?"

He then supplied his own answer. "To do so might mean that any agreements reached would disintegrate overnight," Dirksen said. "And no line of defense would any longer exist from Saigon to Singapore if such a surrender at the peace table occurred."

## Today's Chuckle

When it comes to big cars and beautiful fur coats, you've got to give the American public credit.

Dirksen refused Friday to expand on his statement, saying only that "it all has a purpose." Senate Democratic Leader Mike Mansfield said Dirksen had raised a question "that can't be answered."

"The decision will have to be made by the President in the light of events," Mansfield said. The administration has said repeatedly that the Viet Cong would have no difficulty in making its views known at any peace conference.

## Lincoln Day Talks Planned

LANSING (AP) — Govs. John Chafee of Rhode Island and David C. Igoe of New Mexico and former Congressman Walter Judd of Minnesota are among

out-of-state Republicans scheduled to speak at Lincoln Day dinners around Michigan next month. Judd scheduled a Kalamazoo County speech Feb. 6. Cargo was to speak in Jackson County Feb. 8, and Chafee planned a Kent County appearance Feb. 15.

Sen. Robert Griffin, R-Mich., is scheduled to speak at eight of the 25 banquets set so far. Gov. George Romney planned to speak at two and Lt. Gov. William Milliken was to speak at three.

## U.S. Catholics Seeking Bridge Between Faiths

NEW YORK (AP) — From coast to coast, regardless of religious or some levels in Rome, American Catholics increasingly are bending an ecumenical knee in common prayer with Protestants on behalf of Christian unity.

The movement has extended beyond the limits of Christianity to embrace some members of the Jewish faith. In a Presbyterian church in Lynchburg, Va., Sunday night a white Baptist minister, a Negro Baptist minister and a Catholic priest are scheduled to lead a common prayer service.

"You have to start by getting together and making friends," says the Rev. Maurice Dingman, chancellor of the Davenport, Iowa, Roman Catholic Diocese. "The amazing thing is we find we have more things on which we agree than on which we disagree."

Pray For Unity

Archbishop Paul J. Hallinan of Atlanta, sums up: "We have worked very closely with Protestant and Orthodox churches to organize more meetings to pray for the unity we all desire."

That's the purpose of these gatherings.

However, Baltimore's Lawrence Cardinal Shehan, is planning to participate outside his own church Sunday for the first time at a Christian unity service at Old St. Paul's Episcopal church.

Shehan maintains: "Our people should be encouraged to attend and participate in approved ecumenical services held in churches other than our own, and Protestant visitors should be welcome at such services in our own churches."

The idea of nondenominational prayers to bridge the gap between faiths grew out of the Vatican Ecumenical Council, which left the form and timing of common prayer to each diocese on the basis of individual circumstances.

In contrast to the swift embrace the common prayer concept received in the United States, in Rome Thursday an agency headed by Alfredo Cardinal Ottaviani — considered one of the Roman Catholic Church's leading conservatives — turned down a request for

# All Red China In Civil War Says Mao's Defense Chief

## Long War Seen But Yank Units May Be Smaller

FT. BENNING, Ga. (AP) — The Army chief of staff says withdrawal of major U.S. military units from Vietnam may be possible within 1½ to 2½ years because enemy strength is being broken down into small units that could be contained by smaller American units.

Gen. Harold K. Johnson said, however, that he is not optimistic the fighting will end in that time span. He said the war with Viet Cong terrorists "may last up to eight years."

Johnson spoke Thursday to more than 1,000 infantry officers, many of them Vietnam veterans undergoing staff training here. At that time his speech was classified by the Army. It was released for publication by Ft. Benning Friday. The Columbus (Ga.) Enquirer obtained a recording of the speech and made its abstract available to The Associated Press.

"Leveling Cities?" On the air war, one captain in the training group asked Johnson why the United States didn't step up its bombing of North Vietnam to win the war.

"Win?" Johnson replied. "Leveling cities? What did we win in World War II? We won an opportunity to turn around and pay for helping reconstruct something we spent three years destroying. This is what this so-called unconditional victory means, a chance to help pay for what you destroy."

Johnson said the mass operations of U.S. troops in South Vietnam had forced the Viet Cong to break their units down into smaller forces and smaller American forces "are breaking even with them."

But he said even smaller enemy terrorist groups "are assassinating 30 people a week. They're getting ahead of us."

World War Lesson Elaborating on the air war, Johnson said England did not quit in World War II because it was bombed by Germany and that Germany and Japan did not quit fighting because they were bombed.

"And what are you going to do if you start bombing industry?" Johnson asked. "One steel plant and one fertilizer plant. That's the industry they have in Vietnam."

Johnson said the U.S. goals in Vietnam remain the same as always: "Simply to restore peace and security within the borders of South Vietnam where a normal police force can maintain law and order."

## GUN DUELS

SAIGON, South Vietnam (AP) — U.S. destroyers fought two gun duels with North Vietnamese shore batteries Friday while American bombers hit rail

yards and rail bridges north and south of Hanoi, the U.S. military command reported today.

In South Vietnam fierce fighting flared. Tough South Vietnamese Paratroopers reported killing 108 Viet Cong in two clashes Friday night.

## Soviet Union Considers Halt To ABM Race

WASHINGTON (AP) — The State Department indicates the Soviet Union may be interested in avoiding a race toward a new antiballistic missile — ABM — system that could cost billions of dollars.

"The department has no reason to believe that the Soviets are not seriously considering the President's expressed interest in halting an antiballistic missile arms race," a spokesman said Friday.

In his State of the Union Message, President Johnson reported that the Soviet Union "has begun to place near Moscow a limited antimissile defense" and added that "we have the duty to slow down the arms race between us."

Sen. Henry M. Jackson, D-Wash., a member of the Senate Armed Services Committee, said Friday the United States should begin work on a \$5 billion, limited ABM system if an effective ABM can be worked out.

Jackson, who said the necessary appropriation could be taken up by the committee when it begins its annual military hearings Monday, told a news conference he doubted whether Johnson could negotiate an ABM ban with the Soviets.

He said Moscow historically is defense-minded and, in addition, now is worried about possible Red Chinese atomic attacks.

But State Department press officer Robert J. McCloskey said the new U.S. ambassador to Moscow, Llewellyn E. Thompson, has taken a Johnson message to Soviet leaders. The message is believed to include a plea to curb the prospective ABM rivalry.

## GOP Divided On Tax Policy

WASHINGTON (AP) — Congressional Republicans, united in demanding spending cuts, appear divided on making a party issue of opposition to President Johnson's proposed tax increase.

No GOP leader has said flatly that under no circumstances he would support a tax increase. But two camps appear to be forming — one taking a hard-line, the other a more flexible attitude toward Johnson's proposed 6 per cent surcharge on corporate and most individual income taxes.

House GOP Leader Gerald R. Ford has come as close as any to outright opposition to a tax increase.

Rep. John W. Byrnes of Wisconsin said in an interview, "I haven't taken a position adamantly one way or the other." As senior Republican member of the Ways and Means Committee, Byrnes is considered the party's chief spokesman in the House on tax matters.

Byrnes said he does not believe Ford's statements amount to opposition to a tax increase under all conditions. In any case, he added, no party position has been taken.

## Okay Rate Cut

LANSING (AP) — The State Public Service Commission has approved a 25 cent per customer reduction in rates by the Hickory Telephone Co. The company serves Hickory Corner and Prairieville Township, Barry County, and Ross and Richland Townships, Kalamazoo County.

LARS BRANDT, 16, son of West Germany Foreign Minister Willy Brandt, swings an Iron Cross in scene from film version of Gunter Grass' novel, "Cat and Mouse." The producer says the government, which granted a \$75,000 subsidy for the film, wants its money back unless he cuts some scenes, including one in which young Brandt wears the Iron Cross, which was one of Germany's highest wartime decorations. (AP Wirephoto by cable from Frankfurt)

## Rickenbacker Visions Paris In 18 Minutes!

TAMPA, Fla. (AP) — "The supersonic transport—SST—is bound to come, and we will have a breakthrough in atomic power," Eddie Rickenbacker speaking.

Rickenbacker, born in Columbus, Ohio, in 1890, world champion automobile racer in his teens, ace of aces of World War I, builder of the famous Rickenbacker automobile.

"We must have the 1,500 to 2,000 miles per hour SST before we can do 3,000 to 5,000 m.p.h. with the ramjet."

"From there we will go into orbit. We will have rocket airplanes going 10,000 to 15,000 m.p.h."

"It will take 15 minutes to fly from New York to London, 18 minutes to Paris, 15 minutes across the North American continent, an hour at most to go to Australia, halfway around the world."

"This is in the works. It can be and will be accomplished."

Rickenbacker, retired president and board chairman of Eastern Air Lines, Medal of Honor winner, survivor of an extremely severe plane crash and some years later of 21 days of drifting on a raft in the Pacific, spoke at a dinner at which he received one of the highest accolades in commercial aviation, the Tony Jannus Award.

Tony Jannus was chief pilot of the small airline which started passenger service across Tampa Bay Jan. 1, 1914, with a two-place airplane operating between Tampa and St. Petersburg, Fla.

## News In Brief

By The Associated Press

ANN ARBOR — Four University of Michigan Cinema Guild members who were arraigned Friday on charges of showing an obscene motion picture have initiated a federal suit in Detroit seeking a return of the seized film and \$15,000 damages. Hearings on both suits are scheduled for Jan. 30.

MIAMI, Fla. — Havana radio said today a Cuban exile who once lost a boatload of refugees in a storm, was condemned and executed. He was identified as Enrique Gonzales and the broadcast said he was a CIA member.

WASHINGTON — Sen. Robert F. Kennedy's hair "isn't all that long," says the senator's barber, Alexander Culver. He adds the hair style is "just right for him."

VATICAN CITY — Pope Paul VI, who went to bed Friday with influenza, was reported recovering today. Vatican sources said he might not be able to handle his full activities until after the weekend.

SPOKANE, Wash. — M/Sgt. Orville Montgomery, 38, of Saginaw, Mich., was one of nine airmen killed when an Air Force KC135 jet tanker crashed in the Mt. Spokane foothills. Air Force investigators are probing the wreckage of the plane.

NEW ORLEANS, La. — GOP state chairmen from around the nation met at luncheon today to start laying the groundwork for the party's 1968 national convention.

PANMUNJON, Korea — The U. N. command today accused Communist North Korea of "murderous assault" in the sinking of a South Korea navy patrol craft in which 40 South Korean sailors were killed or missing.

WASHINGTON — The Treasury Dept. reports military spending in the first six months of fiscal 1967 totaled \$31,981,000,000—well above the \$25,254,000,000 spent in the corresponding period of the previous fiscal year.

## Nation's State Not Clear But Strife's Certain

TOKYO (AP) — Communist Chinese Defense Minister Lin Piao, believed to be No. 2 man to party Chairman Mao Tse-tung, was quoted today as saying "the entire country is now in a state of civil war."

The Peking-based correspondent of the Tokyo Yomiuri said Lin's statement appeared without official confirmation in one of the thousands of wall bulletins which have turned the Chinese capital into a paper and ink city.

The defense minister, 59, is in the forefront of the battle to oust President Liu Shao-chi and restore Mao to the position of state power he once held.

Dr. Lin Yutang, noted Chinese author and scholar, predicted in Manila that the current upheaval in Communist China will leave Mao's regime a "wreck." Arriving from Taipei, Formosa, for a goodwill visit, Lin told a news conference: "The worst is yet to come. By the time the purging of Communist leaders is completed, Mao's machinery will be a wreck and shaken to the bottom."

Civil Confusion Whether there is civil war in the classic sense or not, there could be no doubt that the vast Chinese mainland and its 720 million people were in the grip of civil confusion.

Mao-Lin supporters since the start of the year have assaulted the city proletariat, the provincial Communist party committees and the organs of propaganda — all strongholds of Liu power. They have made some gains, but by their own admission have yet to consolidate their victories.

Lin, speaking at a recent meeting of the party Central Committee's Military Commission, was quoted as saying: "There are some who must be resolutely knocked down. But there are some others who must not be knocked down. The revolution is necessary, but confusion must be avoided."

Truth Unknown The wall posters — pasted up by opposing groups of Red Guards, worker or military factions — have exposed the citizens to one sensational statement after another. The veracity of many of the claims is unknown, but some of the items have later been confirmed by Peking radio, the New China News Agency or the Peking People's Daily.

Some wall posters claimed that Mao's backers have seized the Ministry of Culture and the nation's radio facilities, while others said Liu, Mao's chief opponent, has launched a mass exodus of peasants to the cities with the aim of paralyzing the urban centers and shattering farm production.

Other developments reported during the past 24 hours:

—Lin has turned on his old comrades, Marshal Ho Lung, the commissioner of sports, and Gen. Liu Chih-chien, until recently chairman of the old purge committee of the Liberation Army.

Criticizes President

—Chen Po-ta, chairman of the party purge group, and Chiang Ching, his deputy — who also is Mao's wife — have attacked Gen. Hsiao Hua, chief of the General Political Department, for shielding his subordinate, Gen. Liu.

—Lin had criticized President Liu and propaganda chief Tao Chu for "challenging the proletarian class."

—Li Hsueh-feng, first secretary of the Peking Communist party committee and successor to purged Mayor Peng Chen, has been fired.

—Hsu Ming, deputy director of the premier's office; Lo Jui-ching, purged chief of the army general staff; Vice Premier Po I-po; and Yen Hung-yen, first secretary of the Yunnan provincial party committee were all reported today to have committed suicide.

—Chen Shao-min, one of the few veterans of the 1930s Long March led by Mao, has been removed as first vice president of the All-China Federation of Trade Unions which Mao is seeking to take over.

—Chou Jung-hsin, secretary-general of Premier Chou En-lai's state council, has been arrested.

## Okay \$44,000 Grant:

## Water Extension Funds Approved

A federal grant of \$44,000 to assist the City of Escanaba in extending municipal water facilities has been reserved in Housing and Urban Development funds, the city has been advised by U. S. Sen. Philip A. Hart.

The federal grant, plus local funds, will finance the extension of water mains to the Sylvan Point area and to Willow Creek Road, said John Flath of the city's engineering department.

Total cost of the project is estimated at \$101,000 and the local contribution will be about

\$57,000, to be paid in part by the city and partly on an assessment basis.

There are two water lines to be constructed under the proposed project:

One is a 12-inch main along the west side of S. 23rd St. from 14th Ave. S. to Lake Shore Drive at Sylvan Point to connect with an eight-inch main that continues southerly to Holy Cross Cemetery.

The other is an eight-inch water line along 8th Ave. S. from 23rd St. west to Willow Creek Road, and there connect with the present line.

The project will be put up for bids after field and survey work is completed. The work will be done, therefore, by a private contractor and not by Escanaba public works crew.

## Rock Schools Receive \$1,940 Federal Grant

WASHINGTON — A \$1,400 grant to the Rock public schools under the federal financial assistance program for schools in federally affected areas was announced today by Sen. Philip A. Hart.

Hart said additional payments may be forwarded depending on supporting data and availability of funds.

The grants are made when a school district loses tax valuation because of federal installations. The Rock school district is affected by K. I. Sawyer Air Force Base.

## Calendar Of Events

Prepared by Escanaba Chamber of Commerce

Saturday, Jan. 28 - Gustavus Choir, Gustavus Adolphus College, sacred concert, Wm. W. Oliver Auditorium, 8 p.m. Sponsored by Christ the King Lutheran Church and First Lutheran Church of Gladstone.

Saturday, Jan. 28 - U.P. Lions Club Banquet, 7 p.m., The Terrace.

Monday and Tuesday, Jan. 30 and 31 - WDBC Cooking School, 8 p.m., Wm. W. Oliver Auditorium.

Thursday, Feb. 2 - Carl "Doc" Severinsen, trumpet soloist, with Escanaba Area Public High School Band and 8th grade Concert Band, 8 p.m. Thursday and Friday, Feb. 9 and 10 - Players de Noc, "Act IV" 8 p.m. Escanaba Area High School Auditorium.

Monday, Feb. 13 - Founders Day PTA Council, Escanaba Area Senior High School.

Thursday, Feb. 16 - MSU performing Arts Co., sponsored by Players de Noc, "St. Joan" 8 p.m. Escanaba Area High School Auditorium.

Sunday, Feb. 19 - Community Concert, Lee Evans, Wm. W. Oliver Auditorium.

## '66 Road Toll Is New Record

EAST LANSING (AP) — Delayed reports have pushed Michigan's 1966 traffic death toll to a record 2,270 State Police report.

Later reports are expected to send the total even higher.

The toll so far is 95 more than the previous high of 2,175 deaths in 1937 and 141 higher than the traffic kill of 2,129 in 1965.

Traffic accident injuries last year are estimated at 159,000, up from 155,258 in 1966 and also a record. The accident total is estimated at 300,000 slightly down from the 310,598 recorded in 1965.

State Police estimated the 1966 accident loss at \$410 million. This was \$35 million, or 7 per cent, higher than the \$385 million cost the previous year.

Estimated travel in the state for 1966 was 43.3 billion miles, up 6 per cent from 1965.

The motor vehicle registration total in the state was 4,121,766, slightly above 1965.

## Two City Rinks Closed; Skiing Conditions Good

The city's neighborhood skating rinks at Ogden Avenue and the Babe Ruth Field have been closed until further notice it was announced by the Recreation Department today. Last week's thaw melted most of the ice on both rinks and this week's heavy snowfall prevented flooding during the cold spell.

City crews have been busy with snow removal and sanding streets and some of the workers have been hit by the flu bug. Local employment conditions have made it impossible to hire additional help on a part-time basis.

The rinks will be flooded next week and should be in good condition for next weekend unless more snow curtails these plans.

The major rinks at Royce Park and Webster will be open afternoons and evenings this weekend.

The Danforth Ski Hill will be open Saturday and Sunday afternoon from 1:30 to 5:00. Ski buttons are on sale at the Hill at one dollar per person or three dollars per family.

The used skate market at Club 314 will operate for two more weeks. This free service is available in the evenings from 7 to 9 and on Saturday afternoon from 2 to 4. Patrons of the exchange are asked to pick up their unsold skates next week.

## Spalding Plans School Ballot Meet Thursday

A public meeting on the proposed reorganization of the Carney-Nadeau, Hermansville and Powers-Spalding School districts will be held in the Powers-Spalding School at 8 p.m. EST, Thursday, Jan. 26.

The public is invited to attend the meeting and be informed on the proposal on which the three school districts will ballot from 7 a.m. to 8 p.m. EST on Monday, Feb. 6 in the Nadeau Township Hall for Carney-Nadeau, in the Hermansville Community Center for Meyer Township, and in the Spalding Township Hall for the Powers-Spalding District.

Willis Owens of Northern Michigan University will conduct the Powers-Spalding meeting and a questions and answers period will follow the presentation of information on the election.

"Yes" Vote Urged

The Powers-Spalding Board of Education has urged a "Yes" vote on the reorganization. Its school system would become the chief focus of the proposed new district, which would tend to divide Menominee County into three major school districts, with the City of Menominee District at the south end of the county, the Stephenson Consolidated School District in the central part of the county and the proposed new Carney-Nadeau, Powers-Spalding and Hermansville district in the top of the county. Harris Township, also in the top of Menominee County, on the east is linked with Bark River Township of Delta County in the Bark River-Harris District.

## College Deferment Tests Announced

State Selective Service headquarters announced today that application forms are now available at all Michigan local board offices for the Selective Service college qualification tests scheduled March 11 and 31 and April 8.

Test scores are used by local boards in determining eligibility of registrants for student deferments. Applications for the test must be postmarked no later than Friday Feb. 10.

The three hour test administered by Educational Testing Service, Princeton, New Jersey, is intended to predict a student's ability to do college work.

## Broadcast

MARQUETTE — Five Upper Peninsula radio stations Saturday will broadcast Ward L. Quaal's commencement address on "The New Majority" to the mid-year graduates of Northern Michigan University. Quaal is a native of Ishpeming and president of the WGN Continental Broadcasting Co., Chicago. Stations carrying the 2 p.m. broadcast, all members of NMMU's radio network which was inaugurated in September, will be WDMJ AM and FM, Marquette; WJNB, Newberry; WQON, Munising; WMPL AM and FM, Hancock, and WTQI, Manistique, which will tape the address for later presentation.

THE REV. Philip Lyon, pastor of the First Presbyterian Church of Escanaba, will deliver the homily at the interfaith meeting for the public at St. Joseph's Church at 4 p.m. Sunday. The joint prayer service is a phase of the clergy dialogue by which Protestant and Catholic Clergymen of Delta County are seeking greater Christian unity.

## Hull, Earle Gain Historical Posts

HERMANVILLE — William R. Hull, Meyer township supervisor, and G. Harold Earle were elected to the newly organized board of directors of the Menominee County Historical Society at a meeting in Menominee.

The meeting was called by Supervisor Myron Ross, chairman of a county board committee urging formation of the society. Dr. Harry Kelsey, state historian and director of the state historical commission, and William Alderfer, director of the Historical Society of Michigan, both of Lansing, and Charles Folio of Escanaba, a director of the Delta County Historical Society, attended the meeting to explain activities and methods of operation.

Officers elected for the new society were Michael J. Anuta, chairman; Frank Budmats, vice chairman; Mrs. Ray Pawlowski, secretary, and William Fernstrom, treasurer.

## Briefly Told

The annual sleighride of the Silver Spur Saddle Club will be held beginning at 2 p.m. Sunday at the Rosow Riding Stables. A chili dinner will be served following the ride.

The Escanaba Lions club will meet at 8:45 p.m. Monday at the Sherman Hotel. Arnold Williams of the Social Security office will speak on recent changes in the program.

## Chatham To Issue Bonds For Water

CHATHAM — The Village of Chatham has approved issuance of \$53,000 in revenue bonds to finance its share of a \$105,350 water system for the village.

Federal matching funds will pay for the remainder of the cost of the project.

The action by an unanimous vote of the village council was the latest move in an effort which has continued for four years to solve the community's water problems. Most of the community's ground water wells have turned sour, forcing many residents to outside water supplies for even a glass of water.

According to engineers surveys made for the community and for Michigan State University's agricultural station, water is available but up to 300 feet under the earth. Cost of wells for individual homes is prohibitive.

Construction of the village water system is expected to take about two years.

Interest and principal on the bonds, to be issued in fifty-three \$1,000 denominations, will be paid from revenue obtained from the water system.

## Houk Cited As Good Student By Job Corps

Robert Houk, enrolled in the McCoy Job Corps Center, Sparta, Wis., has been cited as "Weider of the Week" and recognized for his sound judgment, progress in the shop and classroom, and good attendance record, it is reported by the Job Corps.

He is the son of Mrs. Carmel Olsen of 1409 1st Ave. S., was born in Escanaba 17 years ago, and attended Escanaba Area High School before enrolling in the Job Corps at Camp McCoy, Wis., on Oct. 5, 1966.

## Driving 40 Years Without License

LOWELL, Mass. (AP) — An 82-year-old man made a belated discovery recently when he was involved in a minor traffic mishap.

Policeman Daniel Sullivan demanded his license.

"What license?" he quoted the aged driver as replying. "I've been driving 40 years and I've been all over New England. I've never had any trouble, never been stopped before."

Sullivan said he gave the man a court citation for driving without a license.

Greatest Events In American History No. 33

ONE OF THE GREAT MEDIA OF ENTERTAINMENT & EDUCATION — THE MOVIES — COME TO AMERICA

On June 5, 1905, John P. Harris and Harry Davis opened a room in downtown Pittsburgh, Pa., to show motion pictures to the public; they called their room the "Nickelodeon" because it cost a nickel to get in; soon there were hundreds of "nickelodeons" throughout the nation—and the movies had come to America.

The invention of movies was the product of many minds including Thomas Edison who produced a moving picture in 1895.

First movie to tell a story was "The Great Train Robbery" made in 1903 by Edwin Porter.

Then came the nickelodeons and this was the event that spurred the growth of motion pictures. Companies were quickly formed to make more and more pictures to meet the demand of nickelodeon owners and the movie industry was born—an industry that became one of the great forms of entertainment and education in the history of mankind.

## Menominee's Schools

Northern Menominee County, which has such strong cultural and commercial ties with the City of Escanaba, is currently in the process of making up its mind about its school districts.

This is difficult at best and in the present situation it seems to us that the people called upon to make the decision don't have all the pieces of the puzzle yet, so that any effort at assembly of it must be imperfect.

Delta County has faced — and in fact still faces — this same perplexing problem of decision about how to organize its school districts so that they may produce the best possible schooling.

The school situation keeps changing and this brings the major impendence in the Menominee County problem. It is the place of vocational and technical education in public schooling.

The State of Michigan has come to think that its public schools are not well organized for today's needs; that they do well by the young people who plan to go on from high school to colleges and universities and technical schools, but that they short change the young people who are going to end their schooling with high school. For them, the current thinking goes, there should be more preparation in high school for jobs.

The state is in the process of creating a vocational education system which is adequate for this enlarged task. It would dispense with the old-fashioned high school offering of "manual arts" that produced a bread board or book ends and substitute instruction of sufficient sophistication to really give a high school graduate some saleable job skills to offer an employer.

How this is going to be done in Menominee County isn't clear yet. It could take several forms. There might be dependence upon community colleges to provide some of this extra instruction. There might be vocational training centers in the high schools — or some of them. Planning for high school district reorganization should consider a major factor like enlarged vocational education. Obviously school reorganization can't wait forever and solve all problems before proceeding, but there should be an answer to this question soon.

The State Department of Education, of course, knows about this situation and it is sponsoring the Feb. 6 election. We need not, however, assume automatically that the state is giving its full blessing to a "Yes" vote. It thinks that the proposed reorganization of the Carney-Nadeau, Powers-Spalding and Hermansville school districts into one North Menominee County District would be desirable or it would not propose a ballot on the issue, but it is acting in implementation of a poorly conceived school reorganization act. It must act and it's acting.

A 1964 enactment of the Michigan Legislature, Act 289, made reorganization studies of school districting mandatory. The consolidation of inefficient small districts into larger, more efficient districts was to follow. This is the process now at work and culminating in the Feb. 6 election. The Menominee County School Reorganization Committee didn't file a reorganization plan with the State so the State is calling an election.

Three school districts are being asked to pool their resources. The result should be better than the present situation but we suggest that no great harm would come from a little delay and that the new state vocational and technical education program which will affect about 60 per cent of the graduates of the proposed new system should be considered in the reorganization. It cannot be considered adequately yet because it's just being created.

Graduates of the proposed North Menominee County District in vocational education might get their 13th and 14th years of schooling at Bay de Noc Community College in Escanaba, which has already been designated a vocational education center by the State, or at Kingsford High School or Menominee High School.

Latest word from the State is that it wants 6,000 students in a district for eligibility for the full vocational education program, but that it may consider some special treatment for sparsely settled areas like the Upper Peninsula, which can offer no such numbers. There are a dozen or more categories of vocational education and Stephenson High School, for instance, has provided only three of them, vocational agriculture, home economics and business education.

Menominee High School has been turned down by the State for the full program, but plans to go ahead with its own program of vocational education, offering 8 categories of job instruction. But without state approval there is no federal aid for the program.

To inform most school district reorganization voters on the complexities of this seemingly simple issue is difficult.

## Letters To The Press

Contributors are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and name will be used. The right to condense letters is reserved.

**ANTLERS**  
During the second weekend of the 1966 deer season, I hunted about eight miles north of Ensign, at the end of the new Federal Road which was built in 1964-65. On Saturday, I had the good fortune to bag a fine buck. However, some one had come close to this buck earlier in the season, because most of the right antler appeared to have been freshly shot off. With most of the right antler missing, there are still 12 points on this rack!

It's quite likely that whoever scored this near miss, picked up the broken antler for a souvenir — or to back up the story he told his hunting partners. Either way, I'd sure like to have a look at that antler. It was quite dark in color and, if it matches the other side at all, it should have one or two points about 11 inches long, with about six points or more altogether.

(Incidentally, the deer weighed in at only 178 pounds. Our local state game biologist said it was at least 12 years old, and well past his prime. Considering that it took 7 1/2 hours

## Klansmen Appeal Liuzzo Conviction

NEW ORLEANS (AP)—Attorneys for two Alabama klansmen have asked a Federal Appeals Court to set aside their convictions on federal charges stemming from the fatal shooting of Viola Gregg Liuzzo.

Mrs. Liuzzo, wife of a Detroit Teamsters Union official, was shot and killed March 24, 1965, following the Selma-to-Montgomery, Ala., civil rights march.

The convictions "were persecutions outside the law rather than prosecutions within the law," defense attorney Fred Blanton Jr., told the 5th U.S. Circuit Court of Appeals.

Comrades in Arms

## Finding The Way

### Your Word's Worth

By RALPH W. LOEW, D. D.

Reprinted by request.

Whatever happened to the old statement, "A man is as good as his word"? Early in this new year we might take a fresh look at the problem. When the promises that men live by become casual, then the very fabric of our civilization is in danger.

When the late Adlai Stevenson, then U. S. ambassador to the United Nations, was accused of being a "soft compromiser" there were immediate overtones. Everyone denied everything, and yet the man's abilities and influence were tarnished.

It was not just a matter of whether it was true or not; it was the manner in which it was done.

What happens to public influence and a judgment of integrity if a man is tried by unidentified innuendo? What happens to personal reputation when petty gossip is tolerated?

Or consider athletes, college-bred, and adept enough to be considered for professional jobs, who simultaneously sign two or three contracts. Doesn't a college graduate know the meaning of his own signature on a contract?

We have just celebrated notable religious festivals and come into another year which will exhibit the measure of those festivals. If what we have done publicly has merit, then it will be expressed in a new birth of the integrity of a word.

● If perjury becomes a casual happening, our legal structure is undermined.

● If personal lying becomes an accepted procedure, then our daily relationships are endangered.

● If personal debts and financial obligations are assumed without a sense of responsibility, our economic future is endangered.

● If there is no sense of conscience about speaking the truth, then personal promises and public treaties become a mockery.

Our religious faith has a validity not only because of its public ceremony but also be-

## Vehicle Claims Fund Healthy

LANSING (AP)—Secretary of State James Hare reports "a healthy reserve" of \$2,175,000 after the first year of operation of the state's Motor Vehicle accident Claims Fund.

Hare said 740 claims totaling nearly \$310,000 were paid out during the year. Another 1,287 claims were closed out without payment.

More than two thirds of the money paid out was for property damage settlements. Hare said. Nearly \$90,000 went for bodily injury claims.

Claims settled outside the fund totaled nearly \$557,000. Hare said the reserve will cover all the unpaid claims now on file.

### \$10,000 Gift

HOLLAND (AP)—Hope College said it has received a \$10,000 gift from the Holland-Suco Color Co. to be applied toward purchase of an instrument to determine the nuclear structure of organic compounds.

Opening lead—♥ 4	

Today's hand shows Eric Murray at work again. We approve of his double of one spade but sort of shudder at his two no-trump call. On the other hand, Eric's style is to bid when it is his turn and his two no-trump bid produced fine dividends.

Sammy Kehela in the East went to three hearts and if South had only passed even Sammy would have had to work to hold his loss to down two. Down two undoubted and not vulnerable would not have represented any real loss but if South had doubled three hearts, Eric's two no-trump call would have been a real loser.

As it was the bid produced a five International Match Point profit for the Canadian star.

South won the opening heart lead and returned the suit. East won and shifted to a diamond. South allowed this to run to Eric's queen and Eric led another heart. South ruffed in dummy, discarded a diamond on the ace of clubs and led a diamond for a finesse. The finesse lost to Eric's king and because the defense still had to make two trump tricks, South was down one.

At the other tables, South was allowed to play two spades and with the play going the same way, these South players made the same eight tricks for a plus of 110 points instead of a minus of 100 points.

These small swings don't amount to much in a rubber bridge game but in IMP competition they actually determine who wins and who loses.

In the IMP scale a swing of 170-210 points is worth 5 IMPs. A swing of 750 points which represents the difference between a vulnerable game and a slam is only worth 13 IMPs so that three such part-score swings more than balance a missed slam.

What do you do?

A—Did three no-trump. Your partner must be trying for game and you have diamonds stopped.

TODAY'S QUESTION

Instead of passing over one diamond your partner doubles. What do you, South, do in this case?

Answer Monday

## Ukrainian Day

LANSING (AP)—Gov. George Romney has proclaimed Jan. 22 as Ukrainian Independence Day in Michigan.

## Lay Off The Sauce For Tongue Control

Dear Ann Landers: Several days ago my husband and I attended a party in the home of some long-time friends. The guests were very congenial and we had a wonderful time — as far as I can remember. I'm ashamed to tell you that I had too much to drink and the last part of the evening is a complete blank.

I have a nagging fear that I insulted one of the women but I honestly cannot recall whether it actually happened or I dreamed it.

We will be seeing this same group in a few weeks and I want to know if I should telephone the woman before the party and ask if I was out of line. Or should I wait until I see her and then apologize? Or would it be best to forget the whole thing? —MRS. DON'T REMEMBER

Dear Mrs. Don't: Few situations are as awkward as a woman trying to reconstruct what happened when she was drunk. There's always the chance that the other party was stiff, too, so I say let bad enough alone.

Now that you know booze sends your brain on a furlough and your mouth on active duty, lay off the sauce and you won't be plagued with this problem in the future.

Dear Ann Landers: I am not writing for advice. I think anyone who can't solve his own problems has a screw loose. But I do read your column every day just to see what the nuts are going to write in about next.

A few days ago I read a letter from a woman who is out of her mind. She said her husband had had an affair, that he came to her practically on his knees, said the affair was over and begged her to take him back. She said yes for the children's sake but she wrote: "of course I can never truly forgive him." Her letter was signed "World Torn Apart."

If she thinks her world is torn apart she should try living in my world. My husband has been keeping a tramp for three years and I'd give anything if he would tell me it's over and ask me to forgive him. Some wives don't know when they are well off. —LIFE IS A DUNG HEAP

Dear Friend: I agree that the woman who wrote would be wise to rid herself of resentment and welcome the contrite for a husband's lame alibi.

Start now saving for a rainy day—like that April shower known as income tax.

A hep gal knows she's getting hippy when those stretch pants won't stretch any more.

Liquor is too often a crutch for a husband's lame alibi.

## BARBS

By WALTER C. PARKES

When you buy things on time be sure you'll be able to pay on time.

Start now saving for a rainy day—like that April shower known as income tax.

A hep gal knows she's getting hippy when those stretch pants won't stretch any more.

Liquor is too often a crutch for a husband's lame alibi.

# Women's Activities

## Area Women To Observe World Day Of Prayer

A planning meeting for the upcoming United Church Women's observance of World Day of Prayer was held at the First Methodist Church on Thursday.

Mrs. Donald Ness, president of the Escanaba Area United Church Women, announced that this year's observance will be held at the Mission Covenant Church on Friday, Feb. 10 at 2 p. m. with Rev. James Swan, pastor of the church, as speaker.

This year's service of prayer and worship was prepared by Queen Salote Tupou of the Tonga Islands. A few months after completing this service, Queen Salote died, after ruling her islands for 47 years. The service reflects her dignity and her sense of the majesty of God and also makes clear her strong Christian faith and sense of the eternal.

This year the people of Tonga will again be the first to observe this day using the service which was one of the last gifts of their Queen to them and to Christian women of the world.

For eighty years, this unique day of prayer for peace and brotherhood observed each year on the first Friday in Lent has united women across personal, national and racial barriers in a solemn act of rededication to their common mission throughout the world.

The observance is open to every woman in the community whether or not her church is a participating member. Nursery care will be provided.

## Justice O'Hara Weds Widow Of Famed Attorney

Michael D. O'Hara of Menominee of the Michigan Supreme Court and Mrs. John G. Kamps of Waukegan, Wis., were to be married today in St. Paul Catholic Church at Genesee Depot, Wis.

Only immediate family members were to attend the nuptials.

Prior to being elected a supreme court justice, O'Hara maintained a law office in Menominee. His home is on Highway M-35, Menominee.

A small reception for members of their immediate families was to be held at Mrs. Kamps' home after the ceremony. When the couple returns from a wedding trip, they will live in Menominee and Lansing, Mich. Mrs. Kamps plans to keep her home in Waukegan County.

Mrs. Kamps is the widow of a widely known Milwaukee labor lawyer who was a partner in the law firm of Quarles, Herriott & Clemons, who died in April, 1965. She is the former Mary Douglas-Quarles of Milwaukee.

O'Hara's wife, Jean, died St. Francis Hospital, Escanaba, March 28, 1965 in Lansing.

## Country Club Ladies Elect New Officers

At a recent meeting of the Escanaba Country Club women the following officers were elected to serve for the coming season:

Mrs. Clifton Reno, general chairman; Mrs. William Baum, assisting chairman; Mrs. Donald Haapala, secretary; Mrs. James Tochterman, treasurer; Mrs. Vernon Wicklander, publicity; Mrs. Robert Fontaine, golf chairman; Mrs. G. W. Traverser, assisting golf chairman; bridge committee, Mrs. John Lemmer, Mrs. Roy Starlin and Mrs. Russell Lee.

Mrs. Reno reports that plans are currently being completed for the coming season and details will be announced at a later date.

## Rock

The Delta United Services Drive has been completed in Maple Ridge Township, reports chairman, Mrs. Sylvester Witala. A total of \$132.00 was collected by the following solicitors: George Kulack and Mesdames, John Peltonen, Edsel Hall, Elizabeth Murdock, Eino Kivela, Sulo Peltola, Eino Salmi, Gilbert Norman, Robert Koski, Clayton Kanerva, and Vernie Wadeen.

## Obituary

Mr. and Mrs. Vilho Kaukula have returned from Chicago where they attended the funeral of Mrs. Kaukula's father on Monday, Jan. 16.

Anthony Joseph Zmyslony, 85, died Jan. 11, soon after being admitted to a hospital. He was born in Posen, Poland, Feb. 2, 1881 and came to the Copper Country with his parents when a child. His parents were one of the first farming families homesteading in the Calumet area. He attended school at Calumet and worked in the Upper Peninsula as a young man.

He went to Chicago about 1905 and worked as a contractor until his retirement in 1946. During World War II he worked in the Great Lakes Boat Yards building mine sweepers. After his retirement he did cabinet work in his own shop until about two years ago.

His survivors include his wife Catherine; daughters Virginia, at home; Mrs. Florence Covington of Stone Park, Ill.; Mrs. Irene Kaukula of Rock, Mich.; and a sister, Mrs. Anna Bohonaki, Glenview, Ill.; and nine grandchildren. Services were from St. Veronica's Parish and burial was in the Calvary Cemetery in Evanston, Ill.

## Church Events

Bark River Methodist Monday, Jan. 23, 7:30 p. m.—The MYF will meet at the church.

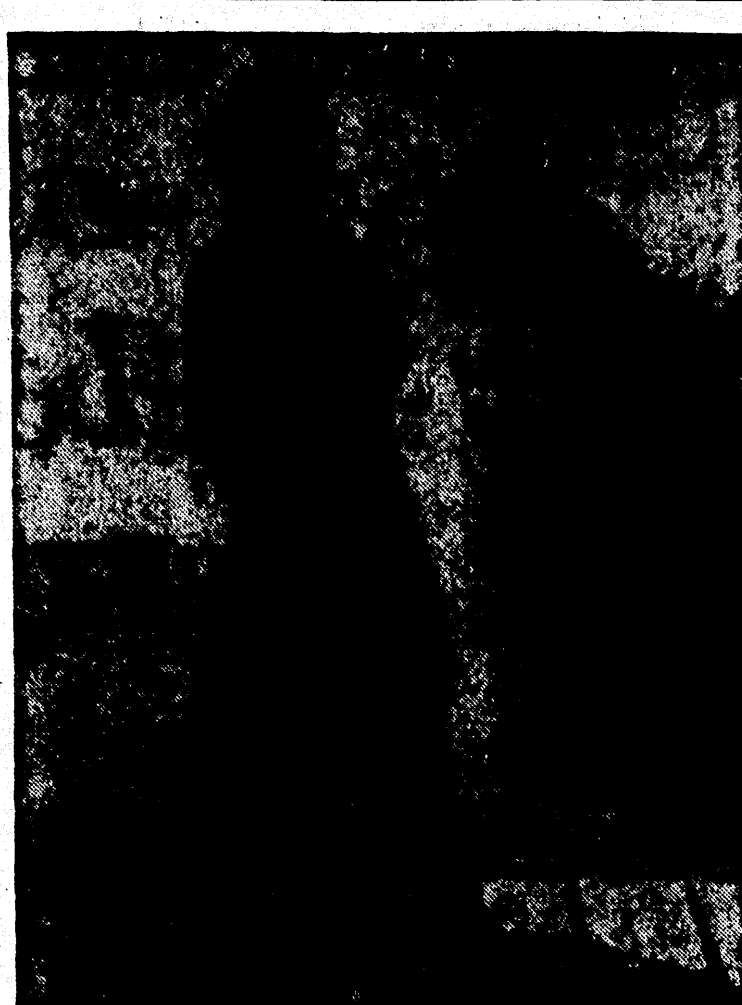

First Presbyterian Monday, Jan. 23, 7 a. m.—Men's Breakfast group; 4 p. m.—Choralist Choir; 7 p. m.—Junior High Fellowship.

## Homemaking Tips

Ever team cooked diced rutabaga with white sauce? The mild flavored sauce goes well with the hearty vegetable.

If you are adding a vanilla bean to sugar, be sure to keep the mixture in a tightly covered container.

Add loads of minced parsley to melted butter and lemon juice and serve as a sauce for broiled or fried fish fillets.

NEAT AND NAUTICAL: Decidedly "navy," this three-piece ensemble features a fine, lightweight striped turtle neck shell ideally coordinated with a pleated skirt and brass-buttoned long-sleeved V-neck jacket. These knit-mates come in the exciting red, white and navy look.

## Coffee Still Top Drink

BY GAYNOR MADDOX Newspaper Enterprise Assn. Q — Isn't it true that Americans are heavy coffee drinkers but use very little tea?

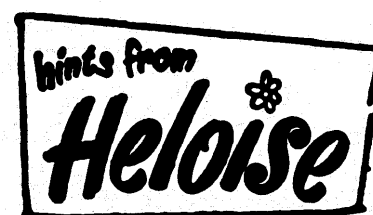

A — Are we still a nation of coffee drinkers? Yes, but we aren't drinking quite so much coffee as in the past. And tea seems to be gaining in the public favor. U. S. civilians consumed the equivalent of about 18 pounds of coffee per capita in 1947-49; less than 15 pounds last year. Even so, coffee has a wide, wide margin of popularity over tea. Last year we

averaged the equivalent of two-thirds of a pound of tea, about 1 1/2 ounces more than in 1947-49.

Q — My daughter has to write a school paper on pears. She says they originated in Europe but I think they were originally a California fruit. Who is right?

A — Many of the pear varieties grown in the United States today were developed in Europe. Pears have been an important fruit for centuries. The pre-Christian Romans distributed pears throughout temperate Europe. The Romans learned about pears from the Greeks who brought the pear from Asia. The Romans dedicated the pear to Minerva, their goddess of wisdom. Pears are mentioned in the works of Horace and Virgil. Pliny, the Roman historian, listed numerous pear varieties and described special flavors of each.

Europeans learned that by grafting pear twigs on quince roots they could get the trees to bear fruit earlier. Pear varieties are diverse in size, shape and in texture. They are used fresh, canned, dried and in jelly, jam, nectar, preserves and conserves. They are slow to begin bearing fruit but continue bearing for many years. In the United States the main pear producing states are California, Oregon, Washington, Michigan and New York.

By HELOISE CRUSE

Dear Heloise: Here is a laundering suggestion I like.

Use nylon puff scouring balls on the collars of men's shirts and women's blouses. They clean them remarkably well and are not rough on the material. These nylon net balls are handy to tuck in a suitcase and can also be used for brushing suits and clothes.

Mrs. B. Pearce

Dear Heloise: I tried this the other day with my dust mop. No matter how hard one seems to shake it, some of the dust remains.

So I removed the nozzle from the end of my vacuum cleaner and just used the suction tube. (I held it at the top of the mop and worked my way down slowly to end of the strings.) Doesn't take but a few minutes, and for the first time my mop is really dust free.

Helen Gregware

Dear Heloise: I clean the prisms in my chandeliers by taking a wash cloth and wetting it with rubbing alcohol. Rub the prisms and they're clean as a whistle.

Margaret Mothersell

It works! Good old rubbing alcohol . . .

Dear Heloise: Kitchen paper toweling — which now comes quilted and in pretty pastel shades — makes excellent inexpensive lining for kitchen drawers and cupboard shelves.

I use at least a double thickness of toweling. It is soft and sticks to the shelves without much fastening down. The toweling is easily folded into the proper shape which eliminates any cutting and fitting that one sometimes finds necessary for stiffer papers.

It's also very economical.

Carol Gilson

## PRINTED PATTERN

by Anne Adams

TWO FOR YOU! STRIPES in corduroy or cotton are a smash choice for this simple, swingy A-line jumper. Equally great in nubby tweeds, velveteen, jersey.

Printed Pattern 4766: Girls' Sizes 6, 8, 10, 12, 14. Size 10 jumper 1 1/2 yards 45-inch; blouse 1 1/2 yards 35-inch.

FIFTY CENTS in coins for each pattern — add 15 cents for each pattern for first-class mailing and special handling. Send to Anne Adams, care of Escanaba Daily Press, 394, Pattern Dept., 243 West 17th St., New York, N. Y. 10011. Print NAME, ADDRESS with ZIP, SIZE and STYLE Number.

FALL'S 130 BEST DESIGNS — lively school, sport, career, glamor styles, all sizes, extra features in new Fall-Winter Pattern Catalog. Clip coupon in Catalog — choose one free pattern. Send 50c.

# GLADSTONE

## Second Semester Starts Monday

Gladstone Public Schools will open Monday morning for the beginning of the second semester. Book rentals for the junior and senior high school students will be \$1.50 and will be payable at that time. According to John Norton, principal, report cards for the first semester will be issued on Thursday.

## Obituary

HARRY C. LUNDIN

Funeral services for Harry C. Lundin were held at 9 a. m. today at All Saints Church with Fr. Frederick Karlheim officiating. Burial was in Gardens of Rest Cemetery. Pallbearers were David, Steve and Michael Weber, Thomas Eitan and James and Richard Ellis.

## Briefly Told

State Police issued traffic summonses Friday to Clarence Demaree, Rte. 1, Bark River, no proof of insurance, and Lawrence Beauchamp, Rte. 1, Escanaba, and Howard Varvil, 1508 S. 15th St., both for no registration or proof of insurance.

## Rapid River

Masonville Township Board met Wednesday and appointed Mrs. Ruth Sundberg of Rapid River to fill the unexpired term of Mrs. Merle Moore. Mrs. Moore served as Masonville Township clerk.

## Florida Committee

Mrs. Charles Doonan, Rapid River Topical Fluoride Chairman, will ask twelve persons to serve on the fluoride committee for this year. The successful program, adopted for the first time in the Rapid River area last year, furnished topical fluoride treatments for children in the Rapid River, Rock, Perkins and Nahma areas.

## P. T. C. Meeting

Rapid River P. T. C. will meet Monday, Jan. 30, 8 p. m. in the multi-purpose room of the elementary school.

New items recently received at Rapid River Calvary Lutheran Church include, a shuffle board set, a visual aid screen, silver tea service and a book entitled, "This Is My Life" for the parish library.

## Forensic Selections

Forensic students at Rapid River High School are busy preparing their selections for the local meet, which must be held before March 15. Mrs. Dorothy Nichols is the forensic coach.

Rapid River High School has received new science laboratory equipment. The equipment will be ready for use at the beginning of the second semester.

## Homecoming Set

Rapid River High School's homecoming event is set for Saturday, Feb. 18. A week of activities will precede the Saturday date.

## World's Widest Bridge

World's widest bridge is said to be in Providence, R. I. The Crawford Street bridge, which is composed of six units, has a total width of 1,147 feet.

## Eaton To Build Computer Center At Cleveland

Eaton Yale & Towne Inc. announces plans to build a modern new computer center in the Greater Cleveland area.

John C. Virden, chairman of the board of the large diversified manufacturing company, said construction will start as soon as possible on the new Telecomputer Center in the Eastlake, Ohio Industrial Park, with occupancy scheduled for this summer.

The new facility will house the latest and most advanced computer, data processing and communications equipment available and will serve as the hub of a private communications network for the company's operations throughout the world.

Upon completion, it will initially be linked with many of the company's manufacturing locations in the United States and Canada, and eventually it will tie into all of Eaton Yale & Towne's divisions and subsidiaries to provide prompt information at the headquarters offices about their manufacturing, accounting and other related functions.

## Social

Star Card Party Minnecaw Chapter 96, Order of the Eastern Star will sponsor a public card party at the Masonic Temple Tuesday beginning at 7:30 p. m. Prizes will be awarded at each table and refreshments will be served at the close of play.

## Study Club

Study Club will meet at the D. A. Jondrow home, 1116 Minnesota Ave., Monday afternoon. Members will respond to roll call with a Mother Goose rhyme and Mrs. H. C. Norstrom will review, "Valley of the Dolls," by Susann.

## In This Corner

with Ray Crandell

Finna Morris, one of the Escanaba area's top women bowlers now living in Milwaukee, recently chalked up a hefty 650 series in the Wisconsin city. She spilled games of 192, 224 and 234 in the Red Carpet Ladies 750 League.

Don Uren of Iron Mountain recently duplicated a rare bowling feat accomplished a few years ago by Gladstone's Tony Gillis by rolling two national honor counts in two weeks. Uren pounded out a 739 series last week and followed it with a 710 total this week on games of 245, 241 and 224. Gillis turned the trick with a pair of 700 counts in 1962.

Con Yagodzinski continues his steady play for Coach Stan Albeck's Northern Michigan Wildcats. In his latest start the 6 foot 5 inch senior from Escanaba pumped in 17 points and led his team on the boards with 14 rebounds against Wilberforce. Yago came in for special praise from Albeck after his cagers had upset the Ohio team, 78-53. Northern is back in action tonight in a home stand against Ferris.

Only two defending league champions in the Upper Peninsula are back on top of their conference standings as the 1966-67 campaign heads into the home stretch. Ishpeming tops the Great Lakes Conference race and Champion is back in the lead in the Mid-Peninsula circuit.

Negaunee St. Paul exploded for 32 points in the final eight minutes of action against Doelle to notch a 93-80 triumph in the Mid-Peninsula look this week. Tim Coyle, Ray Jandron and Bruno Misale combined to score 86 points for the Emeralds.

## Gladstone Cagers Bow To Hematites

ISHPEMING—The Gladstone Braves tasted Ishpeming's version of the basketball blitz here Friday night and came away with a 78-47 whipping in the Great Lakes Conference.

The GLC leaders turned on their vaunted speed early in the game to dissolve a 5-5 deadlock in convincing fashion. The Hematites rattled the rims for 17 straight points to close the

first period with a 22-5 lead.

That was all the Hematites needed as their momentum carried them to a 44-21 halftime cushion.

Ishpeming's speed, ball hawking and overall quickness led to 30 Gladstone turnovers as the Braves had trouble getting set for good shots.

Four Hematites connected in double figures with Alan Morris-

son firing in 18 points to set the pace. Mark Stupak was Gladstone's top point producer with 14 and also turned in a good rebounding performance.

The Braves were cold from the field, hitting 15 of 64 shots for 22 per cent against the tight Ishpeming defense. Gladstone added 17 of 29 free throw attempts. The Hematites made 31 field goals in 79 shots for 39 per cent and tossed in 17 of 27 from the charity line.

The victory was Ishpeming's ninth in 10 starts this season, sixth straight in the conference. The setback was Gladstone's fifth against the same number of victories.

Ishpeming also copped the jayvee preliminary, winning 65-50.

## Three Double Bogeys And Jack Still Leads Crosby Golf Tourney

PEBBLE BEACH, Calif. (AP)—Winner of the U.S. Open, the Masters and the PGA Tournament, big Jack Nicklaus surprised everyone including himself with three straight double bogeys in the Bing Crosby Golf Tournament.

Even more amazing, Jack, who celebrates his 27th birthday today, leads the \$104,500 tournament by two strokes.

"I can't recall ever getting three double bogeys in a row since I was 10 years old," the Ohio slugger commented after blowing six of his eight strokes lead Friday in the gale winds at Cypress Point.

"I am very fortunate. When you have three double bogeys and still are out in front, you are just plain lucky."

Big Jack finished with a one-over-par 73 and 36-hole total of 142 on a day when only three of the 166 pros broke par. He's the only one under regulation figures at the halfway point.

Cypress Point, Pebble Beach

and Spyglass Hill each plays to a par 72, and by tonight all the pros and their amateur partners will have toured all three.

Gale winds and occasional rain whipped through the Monterey Peninsula Friday, a day when a tremendous first nine by Nicklaus might have encouraged duffers to give up the game. He then proved even the great can blow up when he went two over par on each of the 15th, 16th and 17th holes.

A par at the 18th preserved his advantage over a lesser known quartet at 144—Jerry Pittman, Jim Colbert, Steve Oppermann and Bob McCallister.

Meanwhile, Arnold Palmer wound up with a 75 and 149, saying the wind on the Pebble Beach ocean holes nearly blew him off his footing. U.S. Open champion Billy Casper had 74 at Spyglass Hill and 146. And Joe Carr, the unknown who led the first day with 69, disappeared again with an 88.

## Tigers Square Season Record

POWERS—The Powers-Spalding Tigers squared their season record at 6-6 Friday night with a 93-32 verdict over an outclassed Alpha team in Big Seven Conference competition.

The Tigers fired out to a 22-10 lead in the opening period and made it 51-17 at halftime as Coach Tom LeQuia's bench got a good workout.

All nine players on the Tiger squad saw extensive action and eight of them made the scoring column. The Tigers were deadly from the field with 42 goals in 72 attempts, but they were able to convert only nine of 28 chances from the free throw line.

Tom Betters scored 18 points and grabbed 11 rebounds for an outstanding individual contribution for the Tigers.

Powers also won the jayvee game, 60-38.

### Same Old Problem

## Emerald Cage Quint Defeated By Miners In Great Lakes Tilt

NEGAUNEE—Coach Rudie Brandstrom's Manistique Emeralds were plagued by their same old problem here last night as they dropped a 77-65 Great Lakes Conference decision to the Negaunee Miners.

The Emeralds, who have lost six of nine starts, are rarely able to put four good periods of basketball together.

That was the case Friday night. Manistique opened in impressive fashion and led Coach Bob Ellis' host quint by an 18-12 margin at the end of the first quarter.

Then it happened. The Emeralds began to miss the easy shots, make floor mistakes and commit defensive errors. Negaunee took advantage of it to spur for 24 points and a 36-30 lead at halftime.

It wasn't until the closing minutes of the third period that Manistique began coming back, and then it was too late.

All five Negaunee starters

scored in double figures with Bill Bath setting the pace on nine field goals and three free throws for 21 points.

Paul Evans, who triggered the Negaunee rally in the second period with 11 points, finished with 16.

Three Emeralds pumped in 13 points each. Gary Sample, Bill McKilligan and Paul Demers were the top point producers. McKilligan, who turned in one of his best performances of the season, teamed with Dennis White to give the Emeralds a good rebounding effort.

Manistique connected on 26 of 73 shots from the field for 36 per cent and added 13 of 23 from the foul line. Negaunee hit on 33 of 77 field goals for 43 per cent and added 11 of 17 from the stripe.

The Emeralds return to action at Holy Name Tuesday in a makeup game originally scheduled last week.

Manistique won the jayvee game last night, 55-46.

## Channing Press Defeats Carney

KINGSFORD—The Channing Railroaders threw a tough half court press at the Carney Wolves here Friday night and it paid off in a 68-56 Big Seven Conference victory at the Armory Gym.

The Wolves were guilty of 33 turnovers, too many to overcome as Channing moved to an 18-12 lead in the first quarter and a 38-27 cushion at halftime.

The Railroaders hit on 28 of 74 shots and added 12 of 17 from the free throw line. Coach Bob Kuntze's Wolves made 23 of 52 from the field and 10 of 22 from the line.

Doug Benson of Carney took individual scoring honors with 21 points and snared a dozen rebounds. Top scorer for Coach Don Benzie's Channing quint was Todd Lindeman with 17.

Channing's jayvees snapped the Carney reserve team's seven-game victory string in the preliminary, 48-41.

BOB MYRVALL, the deadliest shooter in the Great Northern Conference, goes up over the back of Marquette's Craig Pietzke for two points in a non-league clash at the Escanaba gym Friday night. Myrvall contributed 11 points as

Esky breezed to an easy 73-49 decision. Other players in the picture are Escanaba's Paul Miller (32) moving in from the right and Marquette's John Anderson (51) waiting under the bucket for a rebound. (Daily Press Photo)

## Eskymos Make Marquette Ninth Victim Of Season

The Marquette Redmen almost put the crowd to sleep as they bumbled their way to a 73-49 trouncing at the hands of the Escanaba Eskymos here Friday night.

Coach Harold Johnson emptied his bench at the beginning

of the fourth quarter but it didn't help Marquette much as the Esky reserves played on even terms through the final eight minutes.

Marquette struggled back from an early 10-4 deficit to snatch brief leads over the Eskymos at 11-10 and 13-12, but the Redmen folded completely in the second frame in which they trailed by as much as 14 points. The Redmen were able to put in only two field goals and a pair of free throws in the quarter and took the intermission rest with a 31-19 deficit.

Badly beaten on the boards by such rebounding stalwarts as Dave Nyquist, Bob Myrvall and Jim Boyle, the Redmen attempted a full court press that caused more trouble than it

should have. Their personal fouls mounted steadily through the game and they finished with a flurry of infractions in the fourth quarter. The Eskymos also had their problems on defense and committed no less than 11 fouls in the final period.

Although they had difficulty getting their game going on all cylinders against their inept opponent, the Eskymos were never challenged and could have made the margin of victory almost anything they wanted. Marquette scored the final nine points in the game to trim a 33 point deficit.

Four of Escanaba's starters reached double figures in three quarters of action. Forward Paul Miller connected on seven field goals and a pair of free

throws for 16 points to set the individual pace. Dan Mylander kicked in with a dozen and Dave Nyquist and deadeye Bob Myrvall added 11 apiece.

The Eskymos had a cold night from the free throw line with 11 of 23. Marquette was even worse with 9 of 23. Steve Andrews was Marquette's lone double digit scorer with 17 points.

The victory was Escanaba's ninth in 11 starts and the Eskymos put their 5-0 Great Northern Conference record on the line against Kingsford in their next start here Jan. 27.

The Esky jayvees won the preliminary game, 72-48.

# Faculty Suggests New Bay College Building

(From the Bay Beacon) A subcommittee of the Faculty Long Range Planning Committee has recommended that the present Bay de Noc Community College building and grounds "no longer be used" upon the termination of the present lease and that a new facility be constructed "on a site away from the present location."

The present College building is being leased from the Escanaba Area School Board and the lease will expire in approximately six years. In a report issued Jan. 13, however, the subcommittee stated that "first priority in 1967" should be given to construction of a building to house the vocational and technical facilities, the science laboratories, arts and crafts facilities and television studios of the College. This building would be constructed on the new site.

Three sites The faculty subcommittee is being assisted in its research by the Community College Liaison Committee, made up of approximately 40 prominent Delta County citizens. Three sites are being considered for the proposed facility: The bluff overlooking the city of Gladstone, the Chicago & North Western rail yards immediately behind the Delta County building in Escanaba and an area to the west of the

## CCI Iron Ore Hits New High

MARQUETTE — The ever growing importance of pelletized iron ore to the Upper Peninsula was emphasized in the annual report of 1966 operations on the Marquette Range by Cleveland Cliffs Iron Co. Of a record 8,336,000 tons of iron ore shipped from Marquette Range operations last year, 80 per cent of it was pelletized, according to Ogden E. Johnson, superintendent of industrial relations. The shipments were 1.2 million tons higher than the previous record set in 1965. Johnson said record production was achieved at the Empire, Humboldt, Mather and Republic mines and at the Eagle Mills pellet plant. The Pioneer pellet plant, first in the world to pelletize natural underground ore, exceeded designed capacity in the first year of operations. The expanded Empire mine is expected to increase its production from 1.2 million tons to 3 million tons annually. Full operation is scheduled within a few weeks. Representing a capital outlay of about \$45 million, the mine will employ over 600 men, an increase of about 200. Total Cleveland Cliffs employment on the Marquette range was placed at 3,163 at the close of 1966—an increase of 240 for the year. Johnson forecast an increase of about 150 employees for 1967.

## No Cause Verdict Returned In Suit

Verdict of "no cause of action" was returned by a Circuit Court jury Friday in the auto negligence suit of William H. Vietzke of Masonville against Edward F. Cody, chemical plant location. Vietzke had asked \$7,500 damages from Cody, alleging that when Cody's truck struck his truck in the rear on Jan. 8, 1965, it pushed his vehicle onto railroad tracks in Masonville Township where it was struck by a train. Verdict was returned about 4:15 p.m. Deliberations began Friday morning and continued after a break for lunch.

## Three Injured In Auto Crash

Three persons were injured, none seriously, in the collision of a car with a parked auto at 8th Ave. S. and 14th St. at 6:15 p.m. Friday, it is reported by Escanaba police. Officers reported that a car driven by Otto Reinholdson Jr., 36, of Rapid River Rte. 2, struck the rear of a parked car owned by Wayne E. Corcoran, 308 S. 19th St., Escanaba. Reinholdson, Wayne Corcoran and Wanda Corcoran suffered minor injuries.

## Wells

SCHOOL CLUB MEETS The Wells Township Grade Schools Community Club of Arnold met Wednesday, attended by a large group. The project to obtain a television set for the school was discussed. A basketball team has been organized at the school and the team members were introduced by Eugene Bruce, the coach.

Escanaba Area High School. According to the subcommittee, the new site must allow "for appropriate campus development" and the proper academic environment. A "protected area, perhaps overlooking the Bay," was recommended.

Classrooms Planned Individual attention for each student was stressed in the subcommittee's report. Classrooms designed for a maximum of 25 students each were recommended and a prospective enrollment "ceiling" of 1,000 was set. Charles Sigmond, instructor of biology and chemistry, stated that structural inadequacies in the present building have prevented the College from offering several courses. He gave organic chemistry and technical courses requiring heavy machinery as examples.

Long range plans for a completely new College complex have also been drawn up by the subcommittee. Included in the proposed complex are several series of classrooms of varying sizes, three lecture halls, an auditorium, a multi-purpose room, a library, and student activity facilities (cafeteria, game rooms, meeting rooms, etc.).

Federal Funds Faculty sources stated that federal assistance will probably be obtained for the entire project.

The Liaison Committee has also been discussing the possibility of bringing Schoolcraft County and/or Menominee County into the service area of the college.

The building subcommittee is headed by Bill Williams of the College mathematics department.

## School Sponsors Books Exhibit

The outstanding new library books for Teen-agers and Young Adults (and of special interest to parents and adults) are on display at the Escanaba Area Public High School Library, Room B202, from Jan. 23-27. "Here, in an organized exhibit, is an opportunity to see the books that are making educational and cultural history. The display will be open from 8:15 a.m. to 5 p.m.," said Librarian Margaret Gilbert. Sixty-five leading trade publishers, including several university presses, cooperate to present an industry-wide and complete exhibit that school system and libraries across the country have acclaimed over the years as an indispensable book reviewing and selection resource. In range, it covers more than 40 subject classifications. In addition, curriculum-related, annotated and completely indexed catalogues, which make the books of one's interest immediately accessible, are free to teachers, librarians, and other professionals. A feature of the catalogues is a special breakdown of books qualifying for purchase under the National Defense Education Act. Both books and catalogues are related to each other by a numerical numbering system, she said. "For every pupil ages 13 to 18 — not to mention the parent or adult aware (or who might like to become aware) of what today's exciting and stimulating juvenile books have to contribute — there are stories covering every phase of experience, as well as non-fiction books on Science and Man, History, the Arts, Careers and Guidance, and general information. From the World of Today and World Wars I and II to Fiction for Young Adults and the Arts, there are books to enthrall, inform and instruct all of us," the librarian said. Books on exhibit, the company which supplies the exhibit, is a national exhibiting operation which neither solicits nor fills orders. Its free service, now in its 14th year, involves all the leading publishers, both large and small, and is universally praised by librarians, teachers, and administrators as the preferred way of keeping up with the important new books which none should miss regardless of age.

## Office Robbed; \$101 missing From Cash Box

Escanaba police today are investigating the breaking and entering of the Coleman News Co. building at 1500 3rd Ave. N. where a burglar made off with \$101 Friday night. Entry was gained by breaking a window on the north side of the building. The burglar went directly to a cash box for the money and then left by a side door, police said.

## Briefly Told

Fun level square dancing will be offered at the Eagles Hall Monday starting at 8 p.m. The Escanaba Area PTA Council will meet Monday at the Pine Ridge School at 8 p.m. All council officers, principals, local PTA officers and PTA members should attend. These meetings are also open to the public.

## Obituary

A3-C EMIL BRENKA Funeral services for A3-C Emil Brenka of Powers were held Friday morning at St. Francis Xavier Church of Spalding. Rev. Fr. Walter Franczak officiated. Rev. Fr. Raymond Przytycki was in the sanctuary. Pallbearers were military men from K.I. Sawyer Air Base, A3-C Fredrick Roberts, A3-C Hugh Sicksberg, A3-C David Helt, T-Sgt. George Thompson, A3-C James Beardsley, A3-C Larry Gorth, A3-C Thomas Koonan, A3-C Andrew Tomask. Military rites were conducted by the firing squad of Sawyer Air Base at the cemetery.

J. Russell Hughes

## IOOF, Rebekah Installation Set

J. Russell Hughes, grand master of the Grand Lodge of Michigan, Impellant Order of Oddfellows, will serve as grand master of the installing team at 8 p.m. Sunday when Impellant Lodge 460 of Escanaba installs new officers in a joint program with Phoebe Rebekah Lodge 179 at Oddfellows Hall.

Hughes of Harrisville, Mich., is probate judge for Alcona County. He is a member of the American Legion, the Disabled American Veterans and the Veterans of Foreign Wars.

Other Grand Lodge officers who will take part in the ceremonies will be Deputy Grand Master Sidney A. Feldhak of Dearborn, Secretary Archie D. Rounds of Lansing and Rebekah Assembly Grand Marshall Angeline Hakes of Escanaba.

Officers to be installed by Impellant Lodge 460 include: Ralph Besson, past grand master; Howard Walker, noble grand; Chester Severinsen, right supporter; Charles VanDeWeghe, left supporter; Grand Nygaard, vice grand; Raymond Pakarinen, right supporter; Ralph Besson, left supporter; Runar Norman, recording secretary; Wesley Peterson, financial secretary; Olaf Peterson, treasurer; Kenneth Jensen, conductor; Joseph Wery, inside guard; Carl Peterson, outside guard; Howard Walker, musician; Edward Brinker, right scene supporter; Chester Carlson, left scene supporter, and John Breitman, chaplain.

Rebekah Lodge officers to be installed are: Ruth Nygaard, past grand; Katherine Williams, noble grand; Marion Lundeen, right supporter; Irma McMarstin, left supporter; Ann Koroshik, vice grand; Dorothy Olson, right supporter; Charlotte Severinsen, left supporter; Doris Pakarinen, recording secretary; Jennie Wicklander, financial secretary; Dorothy VanEffen, treasurer; Isabelle Anderson, conductor; Irene Johnson, warden; Ruth M. Nygaard, inside guard; Carol Sundelius, outside guard; Harriett Carlson, musician, and Evelyn Peterson, chaplain.

## League To Hear Report On Child Needs, Services

The Escanaba League of Women Voters will sum up the findings of a two year study of children's services at unit meetings next week.

The Welfare Committee of the League consisting of Mrs. Luther Barrett, chairman, Mrs. Roland Berry, Mrs. Charles Byrns, Mrs. Rene Labre and Mrs. Sherwood Trotter conducted an extensive survey recently of children's services available in Delta County. They will discuss briefly the findings of their survey.

The remainder of the meeting will be devoted to an attempt to arrive at consensus on the merits of existing children's services in Michigan with special emphasis on those in Delta County, and on the unmet needs and recommended possible solutions.

The Monday evening unit will meet at the home of Mrs. Marvin Marshall, 1415 1st Ave. S., at 8 p.m., Jan. 23, and the Wednesday morning unit at Mrs. James Fitzharris, 700 Lake Shore Drive at 9:15 a.m., Jan. 25.

Interested women of Escanaba, Gladstone, and the surrounding area are cordially invited to attend.

The process of making leaf sugar was discovered by a Venetian inventor in 1490.

# Pistons Skid Into Cellar

By The Associated Press  
The Detroit Pistons, who started the season with hopes of making the National Basketball Association playoffs, are back in last place in the Western Division.

Bob Boozer sank two free throws in after time ran out in overtime to give the Chicago Bulls a 125-124 victory over Detroit Friday night. The loss, Detroit's sixth in seven games, dropped the Pistons into a last place tie with the Los Angeles Lakers.

In other NBA games, Wilt Chamberlain, sank his 27th consecutive field goal — a record — to lead the Philadelphia Warriors to a 118-108 victory over the Lakers.

John Havlicek scored 33 points to lead the Boston Celtics to a 129-117 victory over the Baltimore Bullets. On the West Coast, the San Francisco Warriors broke away from the St. Louis Hawks in the third period and went on to a 142-115 victory.

The Pistons, who led most of the game, had grabbed a 124-123 advantage with 9 seconds remaining when Ron Reed sank a pair of free throws. With only four seconds remaining Boozer took a pass from Guy Rodgers and as he went up for the shot, he was fouled by Dave DeBusschere.

Under the bonus rule, Boozer had three attempts to make two shots. He made the first shot to tie the game, missed the second and then converted his bonus into victory.

Player-coach DeBusschere wore the hero's mantle as he dropped in a 40-foot jumper to tie the game with 19 seconds remaining, sending it into overtime. The game went into overtime tied at 112-111.

The Pistons' Tom Van Arsdale led the scoring with 28 points and Boozer was high for Chicago with 27.

# Lefty O'Doul To Be Honored

NEW YORK (AP) — Lefty O'Doul, the 69-year-old boulevardier from San Francisco who once played for all three New York teams, was named today the recipient of the New York Baseball Writers' Association's Retroactive Player of the Year Award.

The slugging outfielder of the 1920s and 1930s will be the seventh player to receive the award established by the New York Chapter to honor veterans who never got the recognition they deserved during their active major league days.

O'Doul will receive his trophy at the New York BWA's annual dinner and show Jan. 29 at the Americana Hotel.

He is being honored specifically for the 1929 season with the Philadelphia Phillies, one of five big league teams with whom he played when he batted .396 to lead the majors. He had a lifetime batting average of .348.

# Unitas To Start For West Stars

LOS ANGELES (AP) — The 17th annual Pro Bowl football game — and it may be the last in its present form — takes over the grid scene Sunday with the best of the National Football League on display in Memorial Coliseum.

It's East versus West as stars of the eastern and western conferences of the NFL go into action before a hoped-for crowd of 50,000 and a national television audience.

# Spartans, U-M Win In Hockey

By The Associated Press  
Michigan's potent hockey team survived 32 minutes in penalties and some last minute heroics by Mike Jacobson Sparked Michigan State as the two clubs posted Western Collegiate Hockey Association victories Friday night.

Michigan blanked Colorado College 3-0 and MSU nipped Michigan Tech 4-3. In the only other WCHA game, Minnesota walloped Minnesota-Duluth 9-4.

Gene Lucier, Bob Baird and Lee Martilla scored for the Wolverines in their victory over Colorado. The victory kept Michigan in contention in the league race along with idle North Dakota.

Jacobson's goal snapped a 3-3 tie in the final four minutes of play as the Spartans unseated Michigan Tech. The loss was the third for Tech in seven WCHA games. MSU now stands 4-7 in the league.

# Atlanta Player In Auto Crash

SANTO DOMINGO, Dominican Republic (AP) — Rico Cart, Atlanta Braves' hard-hitting outfielder, was resting comfortably today in a hospital after suffering facial injuries in an automobile accident.

Cart was hurt in a two-car collision early Friday morning. A hospital spokesman said his condition was not serious.

## Quaal Deplores Trend

Jobless Down,  
Make Work Up

MARQUETTE—The cure for poverty is work to increase production, Ward L. Quaal, president of WGN Continental Broadcasting Co. told mid-year graduates of Northern Michigan University today.

"It is pure political pap to contend that capitalism has not erased poverty in vast areas of our nation in a manner unmatched by any other socio-governmental system known in the world today," said Quaal in attacking those welfare state policies that encourage employables to live on government doles.

Quaal was awarded an honorary doctor of laws degree for his "contributions and accomplishments towards the elevation of the broadcasting profession" by Dr. Edgar L. Harden, president of Northern Michigan University.

He expressed the fear that Americans, softened by the concept that they are owed a living, "... are steadily relinquishing control of their own destinies through the acceptance of handouts."

"Our unemployment rate is about four percent," Quaal said. "Yet, we are engaging more and more of our resources in the creation and operation of government-sponsored programs designed to make work."

In citing the need for workers at all levels of economic and educational endeavor, despite the current high employment rate, Quaal stated: "There is plenty of work. Our problem is that we are driving the workers from the fields to the fireplaces."

Many social reformers are so devoted to their particular projects, he said, that they assume the delicate balance of production and consumption will be maintained in the absence of incentives.

Quaal called this a flight from reality and asserted that our economic system works because the energy of man is fed into it.

"When that feeding halts, the machinery stops," he said. He called profits the "carburetor of our system" and suggested that the consumer controls the profit system as the driver at the controls of the car.

Quaal expressed opposition to the "Opportunity Board" proposal of Secretary of Labor Willard Wirtz in which 18-year-olds would be asked to register with such boards in their local communities for assignment to tasks which might or might not fit their abilities.

He also deplored a recent suggestion by the National Commission of Technology, Automation and Economic Progress, that government should guarantee a minimum income to all citizens.

"One of the most significant statistics in the history of our free nation," he noted, "is the fact that over 50 per cent of the population of the United States will be young people under 25 by 1970."

Quaal, referring to the Northern Michigan graduates as the "New Majority," adjured them to be "honest, industrious, charitable to the needful, aware of our heritage of freedom... and to work."

## Cornell

## Birthday Party

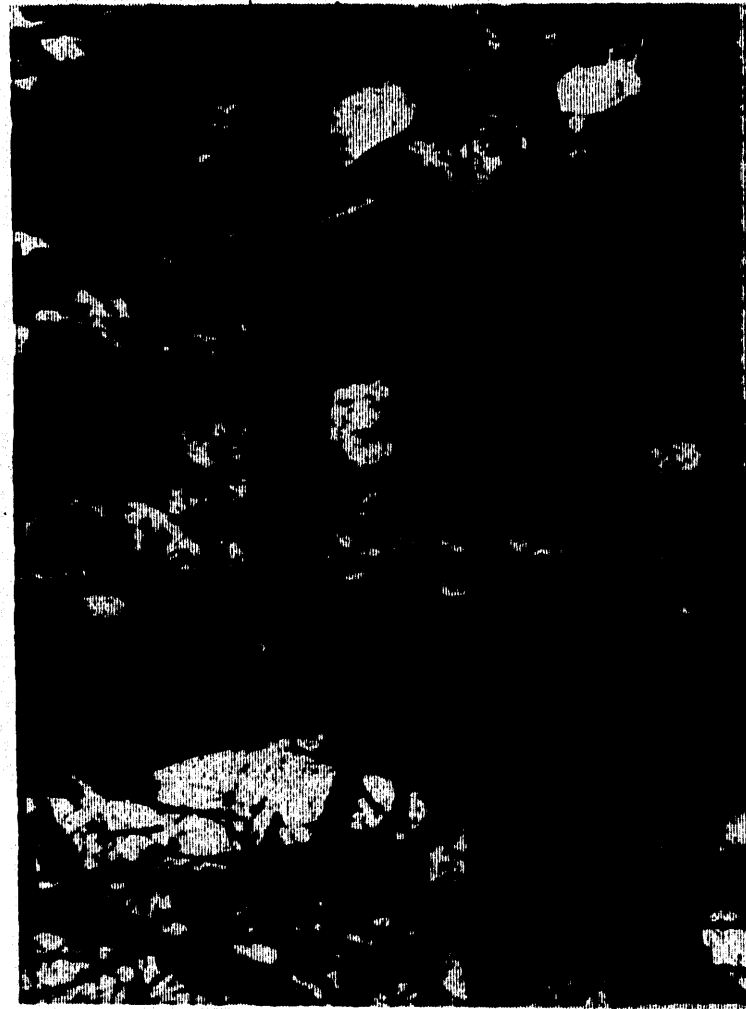

A double birthday party was held for Mrs. Carl Frans and Mrs. Hjalmar Olson on Thursday evening at the home of Mrs. Carl Frans in Cornell. Games were played and prizes awarded to Mesdames, Alfred Dahl Jr., Carl Frans, Axel Carlson, Earl Aiken, Monroe Harrison and Warren Rose. A yellow butterfly cake centered the buffet table from which lunch was served. Both honored guests received gifts of money.

Ralph Forsman, of Arkville, N. Y. and formerly of Cornell was here recently to attend the funeral of his mother, Mrs. Alina Forsman. While here he stayed with his sister, Mrs. John Ring Jr. of Gwinn.

## Hospital

Mrs. Carl Olson of 619 Minneapolis Ave., Gladstone returned Thursday from Green Bay where she underwent surgery at St. Vincent's Hospital in Green Bay.

More people get more news from newspapers than from all other sources combined.

IN THE BOTTOM PICTURE Larry Bosanic, one of three men employed in Bosanic Brothers' jackpine cutting in the Manistique River State Forest bucks a jackpine tree into pulpwood, cutting 250 sticks a day, or 5 cords, with his power saw. In the top picture the Bosanics fell a jackpine and it creates a great snow shower as it falls. (Conservation Photos by Wesley Lehmann)

Jackpine Cut  
Despite Snow

The heavy snows in the Upper Peninsula have impeded logging and caused some loggers to quit the woods.

"How," asks Wesley Lehmann, supervisor of five state foresters in the Escanaba area "can a man work in four feet of snow?"

But not all the loggers have quit the woods by any means and Lehmann offers Larry and Joe Bosanic of Route 1, Manistique, as two loggers who will complete their jackpine cutting on the Manistique River State Forest in another week or 10 days if snow conditions don't get worse.

The operation is in Sections 13 and 14, T42N, R16W, five miles north of Manistique and just east of M-94. The state timber was purchased by the Bosanic brothers in a public auction of 180 cords of marked jackpine. It was one of 11 cutting permits active in the Manistique River Forest in December, according to Area Forester Wilfred Wallace.

In fiscal 1966 the Manistique River Forest produced a cut of 3,047 cords of jackpine. About \$11 of income was generated within the community for each cord cut. The cutting of hardwoods and cedar in and adjacent to winter deer yards on the forest provide much-needed browse at this time of year, said Lehmann.

Carl L. Person  
Dies On Friday  
In California

Carl L. Person, 70, formerly of Rapid River, died Friday in Bakersfield, Calif. Born March 10, 1896 he had been employed as a public accountant. He was a former member of the Calvary Lutheran Church of Rapid River.

Surviving are, his widow, Judith; two sons, Ernest of Metairie, La. and John of Lansing; two daughters, Mrs. Clinton (Mary) Palmer of Portland, Ore. and Mrs. Andrew (Anita) Stone of Greenbrae, Calif.; one brother, Harry of Rapid River and 16 grandchildren.

The body has been removed to the Anderson-Johns Funeral Home where funeral arrangements are incomplete at this time.

Negroes Propose  
A General Strike

DETROIT (AP)—Negro leaders have scheduled a meeting Tuesday to discuss a proposed general strike of the Negro community Feb. 13 to support Democratic Congressman Adam Clayton Powell of New York.

Named general chairman of the National Association for the Advancement of Colored People: State Rep. Jackie Vaughn III, D-Detroit, and Milton Henry, an attorney.

Purpose of the strike would be to have Negroes refrain from working, purchasing goods or attending school Feb. 13.

Lake States'  
Dairying Skids

EAST LANSING (AP)—Dairymen in Michigan, Wisconsin and Minnesota are going out of business at the most rapid rate in history, and the rate is expected to increase, an agricultural economist says.

Low incomes, inadequate farm sizes and better opportunities in other enterprises, on and off the farm, is prompting the dairymen to quit, said Prof. C.R. (Ray) Hoglund of Michigan State University.

He predicted the rapid exodus would continue for 10 or 15 years.

The Great Lakes states will continue to dominate the nation's dairy picture despite the number of farmers leaving, he said.

"The number of farmers selling dairy products in the three Great Lakes states decreased by 127,400, or 70 per cent, from 1854 to 1964," Hoglund said. "during the same period, the number of cows decreased, by only 14 per cent."

"The attrition in both numbers of dairy farmers and milk cows has been taking place at an even greater rate during the past 24 months," he said.

Hoglund said sales of \$15,000 to \$20,000 a year are needed to attain a minimum acceptable return to labor and management. But, he said, of 266,000 farms classed as commercial (\$2,500 gross sales and over) in 1964 for the three states, only 40 per cent has gross sales of \$10,000 or more.

In the three states, Hoglund also found that incomes were higher in southern than in northern counties.

Blaze Destroys  
Store In Flint

PONTIAC (AP)—A \$200,000 fire destroyed the Yankee Department store in the Miracle Mile Shopping Center Friday.

Firemen from Bloomfield Township, Pontiac, West Bloomfield, Waterford Township, Bloomfield Hills and Commerce battled the blaze for more than four hours.

Manager Paul E. Meeker said 75 customers and employees calmly made their exit from the 36,000-square-foot building after two stockboys sounded an alarm.

Smoke and water from the fire caused minor damages to an adjoining shop.

The cause of the blaze was not determined immediately.

Peter Hamlin  
Assigned Here

FREEPORT, Ill. — J. Peter Hamlin has been appointed special agent for the Crum & Forster Group of Insurance Companies at Escanaba, Mich.

Hamlin joins Crum & Forster following 16 years experience with another insurance organization. He is a graduate of Carroll College, Waukesha, Wis., and attended Kent College of Law in Chicago.

A veteran of World War II, Hamlin is married and the father of two daughters. He is active in YMCA and church work.

In Michigan, a sampling of dairymen north of a line from Muskegon to Saginaw averaged only \$1,730 a year in labor income for the last four years, he said, compared to \$3,030 in southern counties.

The northern dairymen had lower costs for land and labor, he said, but these could be offset by longer distances to markets and higher costs for supplies and equipment.

## Obituary

## CECILIA DEMARSE

Funeral services for Cecilia Demarse were held at 9 a. m. today at St. Joseph Church with Rev. Isadore Walter, O. F. M., officiating. Spring burial will be in Sacred Heart Cemetery at Schaffer. Pallbearers were all nephews: Melton Demarse, Richard Demarse, Ronald Demarse, Gary Demarse, Richard Demarse Jr., and Edward Demarse Jr.

G. Cholger Sr.  
Taken By Death

George Cholger Sr., 81, of Rte. 1, Bark River died at 5:15 p.m. Friday at the Roubel Nursing Home where he had been a patient for nine months.

Born April 3, 1885 in East Tawas, Mich., he had been engaged in farming. His wife, Martha, died on Sept. 15, 1966. Mr. Cholger was a member of St. Paul's Lutheran Church of Hyde.

He is survived by one son, George Jr. of Ford River, two grandchildren and three great grandchildren; two brothers, Emil and William Cholger of East Tawas.

Friends may call at the Anderson Funeral Home from 5 to 8:30 p.m. Sunday and the body will be removed at noon Monday to St. Paul's Lutheran Church where services will be conducted at 1:30 p.m. with Rev. Phillip Kuckahn officiating. Burial will be in the family lot of Gardens of Rest Cemetery.

State To Get  
Alger Falls

The Laughing Whitefish Falls Scenic Site in Alger County soon will become a reality.

The Celotex Corp., which acquired the site from the Ford Motor Co. in the early 1950's, has advised the Michigan Conservation Department that it is ready to proceed with a land exchange that would give the state title to the property.

Negotiations between Celotex and the state to acquire about 360 acres around the falls for development as a public scenic site dragged on for about 12 years.

Then, last month Celotex announced that it had sold all of its timber holdings in the Upper Peninsula to the Mead Corp. This raised anew the question of public acquisition of the Laughing Whitefish Falls site.

It was assumed that the sale to Mead included all of the 4,000 acres Celotex owned in Alger County.

But Richard Thompson, vice president of Celotex, advised the Conservation Department this week that Celotex had

withheld the Laughing Whitefish Falls lands and is prepared to go ahead with the exchange proposal.

That proposal, approved by the Michigan Conservation Commission in December 1965, calls for Celotex to make a gift of 100 acres in the falls area to the state and to exchange another 260 acres there for 1,440 acres of state-owned land in Baraga County, where Celotex has a fiberboard plant.

Conservation Department officials said they look forward to completing the land exchange at an early date.

**CAMERA CHAMBER**  
Our word camera is really the Latin word for chamber. The camera is so-called because of the chamber that separates the lens from the film or plate.
